The RFF grants are available for clubs to apply for through the season & split into two grant options. The 'Helping Hand Grant' provides a mechanism for clubs to apply for a small grant of between £500 - £1,500 for eligible Capital Projects (for example a new set of rugby posts, redecorating the changing rooms etc.) with the club matching the grant on a £ for £ basis. The "Groundmatch Scheme" provides easy-to-access grant funding for capital projects which contribute to the recruitment and retention of community rugby players. Clubs at level 5 and below can apply for between £1,500 and £5,000 on a matched £ for £ basis. Further details click [here](#).

Completed applications for both grants are considered on a rolling basis throughout the year. Clubs may only apply for one grant per project and are eligible for only £5,000 in a 24 month period. Age Grade Review changes coming September 2016.

Following a four year review of rugby for under 18s led by the RFU, in consultation with a wide cross section of the game, the "new" Age Grade Rugby will roll out from September 2016.

The Age Grade Competition Review found there to be a lack of clarity of the competition pathway for young players, conflict between club, school, college and the representative competition structure calendar, a tendency to overplay the talented players and underplay those less able to achieve results. September 2016 will also see the full roll out of the New Rules of Play under Regulation 15.

The principle behind the New Rules of Play is to provide a playing format with building blocks to the 15-a-side game. This will allow players time to get to grips with the basics of running and catching the ball, before contact and specialism is gradually introduced. The schools and clubs that have trialled the New Rules of Play, have been extremely positive about the results and believe they give each player more chance to play in an environment based on activity, safety and fun. The Age Grade Rugby pages have been updated on www.englandrugby.com/agegraderugby. This contains information about the changes, the rationale for these and also some frequently asked questions. .

Finally to support the rollout campaign there will be a national Age Grade Rugby Roadshow starting in Mid-February.

The nearest event will be at **North Bristol RFC on Wednesday 9th March 7pm start.**

Please confirm your attendance to agegraderugby@rfu.com. The events are open to those in clubs, schools, colleges and will again provide key information on the changes and practical advice to implement these.

Young Rugby Ambassador (YRA) Re-Launch.

Following Rugby World Cup 2015 the RFU is focusing on the legacy of the tournament both on and off the pitch. A particular part of this is a commitment to supporting and developing young ambassadors in the game to be future influencers and leaders.

The Young Rugby Ambassador (YRA) programme provides a platform for volunteers, aged between 14 and 25 years, to log their hours and receive incentives and rewards for the time they have invested in developing rugby in their local community. The RFU has partnered with inspired, a leading youth social action charity, to use their online system and awards for rugby's YRAs.

The RFU is encouraging YRAs to get involved in a range of volunteer opportunities, both on and off the pitch including event management, fundraising, refereeing, coaching and as leaders in their school, college or university. By providing a flexible approach to getting involved, the opportunity is open to all young people involved in rugby whether they are in school, college, university or community rugby club. In return for hours completed there is a range of incentives to reward. Plus obviously a great way to get younger people involved with your club development and running.

For more information on the YRA programme please click [here](#), speak to your RDO or keep up to date with their activity on Twitter and Instagram via @RFUYouth.
