

**D**rybrook RFC was founded in 1892/93 and the last few years have brought unprecedented success based firmly on stability and togetherness, coupled with sheer determination and tenacity. All this has been achieved because of a great deal of hard work and commitment from a long list of dedicated players, volunteers and supporters.

**T**he Drybrook rugby “family” is now the envy of many clubs both locally and nationally and with the increase in membership together with improvements to all club facilities and standards of play there are no signs of this slowing down. We start them early at Drybrook running teams from the Kittens (aged 5) through to mini’s, juniors (girls and boys) ladies, men and veteran teams. This is only made possible through our much appreciated volunteers and committed players who are all from the local community and give their time free of charge. The 1st XV play their rugby in Tribute South West One West where we see our team travelling all over the South West of England even as far as Cornwall. A possible promotion is on the cards which would see them play at a National level for the first time in South West Premier.

**O**ne thing that has not changed throughout is the enjoyment and friendliness gained from playing rugby at Drybrook. To continue to grow and maintain these standards we ensure that all proceeds received by Drybrook RFC are put back into our Great club. This helps our young players as well as the club reach its full potential and help us continue to support and be part of our local community and outlying areas.

**W**ith this in mind we are always looking for local businesses not only to promote themselves but to help the club move forward so would therefore like to invite your business to Advertise and Sponsor at Drybrook RFC. This can be done through our various sponsorship packages inside this leaflet or by calling our Sponsorship secretary for a more personal touch.

**D**rybrook RFC would like to thank all of our tremendous supporters whose generosity over the years has enabled the continued running and development of the club.

**Ian Pritchard**
